MIA on 6 June 1944 during the invasion of France

Information contained in the 293 file of the decedent indicates that the British Naval Officer-In-Charge, Isle of Wight reported that the body of the decedent was buried at sea on 15 July 1944. Inasmuch as detailed information relative to the burial is not given, it appears that this case cannot be accepted as an authentic sea burial, therefore, the remains of the decedent are considered nonrecoverable.

Proceeding of a Board of Officers appointed in accordance with letter AGAO-S 293.9 (27 Mar 47) D-M, War Dept, TAGO, 9 April 1947.

The case records and other data considered, are attached.

SUBJECT: Non-Recoverable

TO: Non-Recoverable Board, AGRC

1. It is recommended that the Board take action on the following cases:

NAMES: See Attached Roster

ORGANIZATION: See 371 Forms

DATE OF DEATH: See 371 Forms

PLACE OF DEATH: See 371 Forms

SYNOPSIS: The casualties listed on attached roster are reported by official records as Missing In Action or Killed In Action during ground air or naval operations in the department of Manche, France, from the period of 5 June 1944 to 15 August 1944. Extensive area searches as well as individual investigations have to date failed to furnish information as to the ultimate disposition of their remains. Efforts to effect association with unidentified recoveries from the area, now interred in U.S. Military Cemeteries, have also proven negative. The lack of specific information regarding the death or burial, limited search in most instances to general localities, however, documents on file in this Office and Office of The Quartermaster General substantiate the fact that numerous investigations covering the entire department of the Manche, have been conducted in the course of search operations for all losses, both recovered and unrecovered. The terrain of the Manche department, for the most part, consists of farm and pasture land which has been under constant cultivation and daily use since the cessation of hostilities, thus the possibility of undiscovered graves is remote. It can therefore only be concluded that the remains of the deceased in question were reduced by battle action to a state which precludes recovery or identification. The absence of specific information concerning their deaths, the failure of Field Investigations to provide evidence, and the lack of association with recovered unknowns would tend to substantiate these

GRRE 293.9

SUBJECT: Non-Recoverable

conclusions. It is recommended that the remains of the individuals listed in these Board Proceedings be considered Non-Recoverable under the provisions of paragraph 3b, Letter, Office of The Quartermaster General, file QMMP 293, Subject: Processing Board Findings of Non-Recoverability Return of World War II Dead Program, dated 25 March 1949.

Reference is made to: OCMG Forms 371; After Action Reports, and Casualty Clearance Plan, concerning each decedent; Reports of Field Investigations previously forwarded to The Office of The Quartermaster General, pertaining to resolved casualties who were killed in action in the department of Manche, France: On file in the Office of The Quartermaster General, Washington, D. C.

2. It is recommended that the remains, based upon the above information and research, be declared non-recoverable.

2. All of the above named persons were paratroopers and members of organizations to be landed on the Cherbourg Peninsula on the early morning of 6 June 1944, to secure and hold specified enemy objectives pending the landing of Allied ground troops later the same morning. These operations were carried out amid heavy gun fire from every type of artillery and against superior numbers of enemy troops.

3. The persons listed in paragraph 1a, above, Lieutenant Durham and Private Ellis, were both members of Company "B" 307th Airborne Engineer Battalion. A "Missing Report" states that Lieutenant Durham became missing in action in the vicinity of Ste. Sauveur Le Vicomte, about 17 miles south and east of the city of Cherbourg, although his intended destination was near Ste. Mere Eglise. The report states he was not seen after he left his plane and that no search was conducted for him. The Service Record of Private Ellis states that he became missing when he made a "combat preht jump in vicinity of Cherbourg, France". A copy of Evader and Escapee Report number 1135, dated 25 August 1944, is filed with the permanent copy of SR&D Case No. 3120, AGPC-S 704 - Dead (7 Jun 45). This report is based on statements of Private Francis J. Maloney, 31362688, a parachutist who was captured by the enemy on 13 June 1944 and returned to duty with the Allied forces on 25 August 1944. The report states that Maloney had reported that Lieutenant Durham had been killed in action. No remains have been reported recovered that have definitely been associated with either of these persons. However, efforts are now being made by the Office of The Quartermaster General to associate Lieutenant Durham with unknown remains X-70, St. Andre.

a. Under date of 19 April 1945 an inquiry was directed by this office to the Commanding General, ETOUSA, requesting all available facts and circumstances surrounding the disappearance of Private Ellis, Lieutenant Durham

and one other member of Company B, 307th Airborne Engineer Battalion. The fourth indorsement to this communication, sets forth the circumstances under which the members of this unit parachuted into France. However, no definite information is revealed concerning the disappearance of Lieutenant Lambert and Private Ellis, who are known to have parachuted from the plane. An unreliable report that Lieutenant Durham's body was seen, is mentioned in the report, which states that no word, hearsay or otherwise had been received regarding Private Ellis. These men were not seen after leaving the plane and no contact has been made with them since.

4. The Qualification Card and Service Record of each of the five members of the 377th Parachute Field Artillery Battalion listed in paragraph 1b, above, indicate that they became missing in action in France on 6 June 1944. No additional information appears to be available concerning them and efforts of the Office of The Quartermaster General to associate them with unknown remains have been unsuccessful.

5. The Casualty report pertaining to Technician Fourth Grade Eady reported him missing in action on 9 June 1944, and this date also appears on his Qualification Card and Service Record. Under date of 27 March 1945 inquiry was sent to the Commanding General, ETCUSA, AGPC-S 704 (27 Mar 45), to obtain more information concerning T 4 Eady. Sixth indorsement added to the basic communication, under date of 9 April 1945 by Headquarters, 501st Parachute Infantry Regiment, refers to an inclosed true copy of statement of Pfc Bert Ferguson, who was the last person to see Eady. The inclosure referred to is an undated "MISSING REPORT" which shows the date of Eady's disappearance as 6 June 1944. Ferguson's statement, which is quoted below, is included in the report:

"I, Bert Ferguson, Pfc, 15054795, was in the same plane with Calcy J. Eady T 4, 14142168. He was last seen when he left the door of the plane directly in front of me on our jump in France 0138 6 June 1944. He was never seen by me afterwards."

a. The "Missing Report" from which the foregoing quotation is taken also states that, "After thorough investigation it is evident that this man /Eady/ was never seen either alive or dead after having left the door of his plane."

b. This appears to be all of the available information pertaining to T 4 Eady, and there is no report that his remains have been recovered.

c. Missing Air Crew Report number 7801, dated 8 June 1944, shows that Technician Fifth Grade Berlin was a passenger aboard C-47A aircraft number 42-24077, on the date of his disappearance. The plane had departed England on a "Parachute Drop" mission over Northern France, and was last sighted at about 0120 hours, east of Etionville, France and was reported believed to have been lost as a result of anti-aircraft fire. The crew report shows that the plane was manned by a crew of four and carried seventeen passengers of the 501st Parachute Infantry Regiment. Of the total number of twenty-one persons all have been reported killed in action, except the above named person. The subject person's AG 201 file contains a letter dated 10 August 1944, Subject: "Missing Personnel", from Headquarters, Company "G", 501st Parachute Infantry Regiment to the Commanding General, ETOUSA, concerning the loss of aircraft number 42-24077, which reads as follows:

"1. T/5 John C. Berlin, ASN 18151944 was a passenger in Plane # AC 42-24077 which was hit by AA fire on approach to Drop Zone near Hiesville, France /located about 3 and one-half miles southeast of Ste. Mere Eglise/.

"Plane was seen to go down in flames and to date none of personnel in plane have been reported as alive and well. Remains were evidently found by some other unit as some personnel have been reported dead through identification of 'dog tags'."

6. Five of the persons listed in paragraph 1d above were initially reported "Seriously wounded in action" or "slightly injured in action", on 5 June 1944, however their status was subsequently changed to "missing in action" as of the same date by later casualty reports. They were Lieutenant Bucior, Pfc Lesko, Privates Bacon, Hudak and Jesper.

a. A "MISSING REPORT" contained in the AG 201 file of Lieutenant Bucior states that a platoon runner reported that Lt Bucior was wounded and had left the Battalion Aid Station. This report indicates that Lieutenant Bucior was evacuated to Utah Beach. Casualty Branch message number 331035, states that every available source had been contacted for information as to this Officer's status or whereabouts and in view of the fact that his location was unknown, his status was being changed to "Missing in Action", 6 June 1944. Under date of 23 July 1945, the following messageform was received from Headquarters, U. S. Forces, ETO:

"1. Reference is made to paragraph 11, 7th Indorsement, this Headquarters, AG 201 Bucior, dated 7 June 1945, to Messageform your office, AGPC-S 704 (19 April 45).

"2. Your attention is invited to inclosure 1, Letter Headquarters 502 Parachute Infantry, dated 9 November 1944.

"3. Thoroughcheck of record of battle casualties of LST No 283 by Commander U.S. Naval Forces in Europe fails to reveal the name of Lt Bucior***** as having been aboard LST.

"4. Upon receipt of any additional information in this case it will be forwarded to your office by essential air-mail."

b. The AG 201 file of Lieutenant Bucior contains a copy of a letter dated 6 November 1946, from this office, transmitting an identification bracelet bearing his name, which was found loose in the mails, to the Emergency Addressee of Lieutenant Bucior. This bracelet was transmitted to this office by letter of 26 December 1945, Headquarters, Central Postal Directory, Seine Section, APO 743, U.S. Army.

c. Under date of 29 March 1945, this office forwarded an inquiry to the Commanding General, ETOUSA, requesting the basis for the change in status of Private First Class Lesko, information received from that office by Fifth Indorsement; dated 18 April 1945, Headquarters 502nd Parachute Infantry Regiment with which was inclosed a "Missing Report" indicated the possibility that Pfc Lesko was still alive. The report revealed that Pfc Lesko had landed and had been wounded. The statements of witnesses inclosed with the "Missing Report", failed to indicate the correct status of Pfc Lesko, indicating that he was wounded, captured, had been evacuated by the medics or had been evacuated to the United States. His personnel records reveal no information regarding hospitalization or return to the United States. No information has been received regarding the recovery of his body.

d. The Casualty file of Private Bacon contains a copy of a "Missing Report" stating that his last known whereabouts was on 6 June 1944, when he was seen going from door of plane, over Normandy, France. The following remarks appear upon the report:

"Pvt Bacon was in a plane which dropped its men in and near the town of St. Martin de Verriville. The men met enemy resistance which consisted of machine gun and rifle fire and were driven out of town before they had the chance to assemble."

ETO Shipment No. 027 reported that Private Bacon's status was changed to Missing in Action.

e. "Missing Report", dated 6 March 1945, filed in Private Hudak's Casualty file shows that he departed Membrey, England, for Normandy France, on 6 June 1944. The following "BRIEF RESUME OF CIRCUMSTANCES SURROUNDING DISAPPEARANCE" appears on the report:

"Pvt Hudak was shot in the left leg and right foot and treated by a Bn Aid Station. He was then evacuated to Utah Beach. This information was taken from a Bn. Aid Station Medical Blotter, and subject EM was never once seen by any member of this company after leaving the airplane." Private Hudak's Service Record jacket contains a medical card showing that he was wounded as stated in the report.

f. Private Jesper's Casualty file contains a "Missing Report", dated 6 March 1945, showing that he departed England on a mission over Normandy, France. The report states that he was last seen in the plane prior to jump, jumped on objective on Utah Beach. The following "BRIEF RESUME OF CIRCUMSTANCES SURROUNDING DISAPPEARANCE" appears on the report:

"Jesper, Robert E. jumped as a wireman in Pfc Hutchins, Jesper D. crew. In that crew one was killed, one in the Hospital and Pfc Hutchins is present for duty. He jumped close to the beach, however men jumped behind him that landed on the ground."

His casualty file also contains a copy of a letter dated 19 June 1945 from Headquarters, 502d Parachute Infantry, to Mrs. L. Schaum, Brooklyn, New York, which reads in pertinent part as follows:

"Prior to being captured, your nephew was wounded. However, at the time, the Battalion Medical Sergeant was with him and administered first aid necessary to enable him to carry on. Immediately upon their recapture Robert and another member of the Regiment, Cpl Leonard H. Pitzen, 35040034, Company "I" Third Battalion, were evacuated to an Aid Station near the beach. Cpl Pitzen stated the following at an interview I had with him. Robert received a chest wound but was doing very well; he was in very good spirits while at the Aid Station, awaiting transportation to England. He left the Aid Station prior to Cpl Pitzen and from that time on, I have been unable to find any trace of him.

"We have had cases similar to this and in many instances, have been able to trace the individuals to the beach and the hospital ship enroute for England, but unable to ascertain whether or not they reached their destination."

g. Private Jesper was initially reported as wounded in action, and his status was changed to Missing in Action by ETC Shipment No. 263, following an investigation which revealed no information regarding his hospitalization, or whereabouts.

h. The records of Private Rodriguez reveal no information regarding him except that he was reported missing in action, and there is no report of the recovery of his remains.

7. First Lieutenant Howard and Private Weirich, listed in paragraph 1c, above, were, according to Missing Air Crew Report Number 6167, dated 8 June 1944, passengers aboard C-47-A aircraft number 42-100905. The personnel comprising the crew of the aircraft have been reported killed in action, 6 June 1944. The Crew Report shows that the plane carried as passengers, eighteen members of Company "I" 3rd Battalion, 506th Parachute Infantry, including Lieutenant Howard and Private Weirich. The report does not reveal any circumstances regarding the loss of the plane, except that it did not return to base with its formation.

a. A Classified communication was dispatched by this office, AGFC-S 704 (19 Apr 45) dated 19 April 1945, to the European Theater of Operations requesting additional information concerning the disappearance of Lieutenant Howard, and the enlisted personnel on board the same plane. The tenth indorsement to this communication from Headquarters, 506th Parachute Infantry, dated 8 June 1945 furnishes the information quoted below from paragraph three.

"3.	1st Lt	Howard, Gerald V., Jr.	O-011179
	Cpl	Signall, Donald E.	19138691
	Pfc	Smith, Frederick P.	13104102
	Pvt	Phillips, Howard MHI	34763635
	MPvt	Wobor, Paul J.	36575829
	Pvt	Weirich, Glen L.	35544533

The above personnel were [sic] all in a plane which blew up. Members of Company 'I' saw the plane blow up, and they believe that some of the men may have cleared the plane, but it is not known how many and who they were. This Headquarters also checked the loading manifest of all men on said plane; with the exception of the above Officer and Enlisted Men they are all reported KIA."

b. With the exception of Lieutenant Howard and Private Weirich, all of the persons listed in the quotation in the preceding sub-paragraph have been reported killed in action.

c. A letter, dated 10 November 1944, from Senator Raymond E. Willis, which is filed in Private Weirich's AG 201 file, indicates that Weirich's parents had received information to the effect that their son was buried in France. However, information received from Headquarters, ETOUSA, upon inquiry of this office, verified his status as MIA, and there is no record, at this time, of the identification of any remains, by the Office of The Quartermaster General, as the body of Private Weirich.

8. Technician Fifth Grade O'Rourke, was initially reported seriously injured in action by ETO Shipment Number 107, and his status was subsequently changed to missing in action 6 June 1944. His AG 201 file contains a copy of a letter of this office to the Commanding General ETOUSA dated 28 March 1945 requesting clarification of his status. Information contained in the Fourth Indorsement to this communication reveals that he was reported as seriously injured in action on 6 June 1944 per a casualty report by Captain Disney M. Goren, organization unknown, and that extracts of medical blotters of the 4th Infantry Division indicated that this soldier had been admitted to the 4th Infantry Division aid station on 7 June 1944 with a fractured right foot. The tenth indorsement to this communication states that Tec 5 O'Rourke jumped in Normandy, France, with the Medical Detachment of the 507th Parachute Infantry, at about 0200 hours, 6 June 1944, and that so far as could be determined no member of that unit had seen him since. It is also stated that he was reported seriously injured in action, on the basis of the report that he had received medical treatment. The combat report and combat morning report showed him as Missing in action. Tec 5 O'Rourke's service record shows that he became missing in action 6 June 1944. There does not appear any information indicating that he was hospitalized.

a. The records pertaining to Privates Sokol and Van Sickle, reveal no additional information regarding their status, and there is no information to indicate that their remains have been reported as recovered.

9. Private Zwyer's AG 201 file contains a letter, dated 23 February 1945, from his father in which is quoted unofficial information from a former buddy of Private Zwyer, indicating that Private Zwyer had been badly wounded and expressing the belief that he was dead. No official information has ever been received concerning his death.

a. No information is contained in the personnel records of Pfc Hall other than that he was reported missing in action.

10. Captured German records do not appear to contain any information regarding any of the subject persons nor have they been reported prisoners of war. No Burial Reports have been received for any of them, and the Office of The Quartermaster General, Memorial Division, has advised that efforts to definitely associate them with unidentified remains have been unsuccessful.

11. While all of the known circumstances surrounding the disappearance of these men appear to indicate that they were in fact killed on 6 June 1944, before or after they jumped from the carrier planes, insufficient evidence exists to justify such a conclusion.

12. It is therefore concluded that information of record in the Department of the Army, at this time, does not conclusively establish date or place of death, and the issuance of an official report of death for each of the subject persons, pursuant to the provisions of the Missing Persons Act is not warranted.

Dear Mrs. O'Rourke:

The Army Effects Bureau is forwarding to you the following personal property, recently received here, belonging to your son, Technician Fifth Grade James W. O'Rourke, Jr.:

Identification card - inclosed.
One package and contents.

My action in transmitting the property does not, of itself, vest title in you. The items are forwarded in order that you may act as gratuitous bailee in caring for them pending the return of the owner, who has been reported missing in action. In the event he later is reported a casualty, and I sincerely hope he never is, it will be necessary that the property be turned over to the person or persons legally entitled to receive it.

When delivery has been made, I shall appreciate your acknowledging receipt by signing one copy of this letter in the space provided below, and returning it to this Bureau. For your convenience, there is inclosed an addressed envelope which needs no postage.

I regret the circumstances prompting this letter and wish to express my hope for the safe return of your son.

Yours very truly,

L. KOOB
