Mr. and Mrs. Fred C. Weber

Dear Mr. and Mrs. Weber:

Several years have elapsed since the cessation of hostilities of World War II, which cost the life of your son, the late Second Lieutenant Norman L. Weber.

It is with deep regret that your Government finds it necessary to inform you that further search and investigation have failed to reveal the whereabouts of your son's remains. Since all efforts to recover and identify his remains have failed, it has been necessary to declare that his remains are not recoverable.

Realizing the extent of your great loss, it is with reluctance that you are sent the information that there is no grave at which to pay homage. May the knowledge of your son's honorable service to his country be a source of sustaining comfort to you.

Sincerely yours,

DATE OF DEATH: See 371 Forms

PLACE OF DEATH: See 371 Forms

SYNOPSIS: The casualties listed on attached roster are reported by official records as Missing In Action or Killed In Action during airborne and armored operations in the Etten, Katerbosch, Mook, Groesbeck, Nijmegen, Kiekberg and Den Heuvel Woods, St. Anthonis, Vierlingsbeck, Overloon and associated areas in Holland, during the period 17 September 1944 to 3 November 1944.

Extensive area searches as well as individual investigations have to date failed to furnish information as to the ultimate disposition of their remains. Efforts to effect association with unidentified recoveries from the areas, now interred in United States Military Cemeteries, have also proven negative. The lack of specific information regarding the death or burial, limited search in the most instances to general localities, however, documents on file in this office and the Office of The Quartermaster General substantiates the fact that numerous investigations covering the entire area as outlined above, have been conducted in the course of search operations for all losses both recovered and unrecovered.

The terrain of the subject areas consists of woods, hills and plains, which have been thoroughly traversed since the cessation of hostilities by forest guards, policemen and people on hiking and camping tours, thus the possibility of undiscovered graves is remote.

GROP 293.9

SUBJECT: Non-Recoverable

It can therefore only be concluded that the remains of the deceased in question were reduced by battle action to a state which precludes recovery or identification. The absence of specific information concerning their deaths, the failure of Field Investigations to provide evidence, and the lack of association with recovered unknowns would tend to substantiate these conclusions.

It is recommended that the remains of the individuals listed in these Board Proceedings, be considered Non-Recoverable under the provision of paragraph 3b, Letter, Office of The Quartermaster General, file QMGMP 293, Subject: Processing Board Findings of Non-Recoverability Return of World War II Program, dated 25 March 1949.

Reference is made to: OQMG Forms 371; After Action Reports and Casualty Clearance Plan, concerning each decedent; Reports of Field Investigations previously forwarded to the Office of The Quartermaster General, pertaining to resolved casualties who were Killed In Action in the concerned areas of Holland: On file in the Office of The Quartermaster General, Washington, D. C.

Reference is also made to: Report of Field Investigation, with statements, dated 30 August 1950: Attached.

2. All attached supporting documents are copied from records on file this headquarters.

3. It is recommended that the remains, based upon the above information and research, be declared non-recoverable.

NARRATIVE OF INVESTIGATION

I. AUTHORITY AND MATTERS INVESTIGATED:

As directed per Investigation Directive # 384, Headquarters, 7887 Graves Registration Detachment, dated 28 July 1950, a field investigation was made for the possible recovery or information leading to, of the numerous casualties still unaccounted for in the Etten, Katerbosch, Mook, Groesbeek, Nijmegen, Kiekberg and Den Heuvel Woods, St Anthonis Vierlingsbeek, Overloon and associated areas in Holland.

II. FACTS AND CIRCUMSTANCES:

All subject casualties were listed per OQMG Form 371 as missing or KIA during the period 17 September 1944 - 3 November 1944 after which time the American forces were relieved by British and Canadian troops. Casualties were from the Airborne and Armored Divisions, those of the Airborne were concentrated in the Nijmegen, Groesbeek vicinity while those of the Armored, in Overloon, St Anthonis area. Information available at OQMG and headquarters, 7887 Graves Registration Detachment consisted for the most part of OQMG Form 371, After Action Reports and Casualty Clearance Plan.

III. FINDINGS:

A community to community check of Overloon and Nijmegen localities was made. Burgermasters, forest guards, police men and the man in the street were interrogated for possible information leading to the recovery of American deceased. War time refuse dumps, remains of animals, and for the most part, nothing whatsoever was found in the numerous excavations and probings made, thus eliminating all doubtful places where a possibility of isolated graves existed. At the present time there are

30 August 1950

no military graves, isolated burials or otherwise of any nationality which have not been removed, nationality established and taken to appropriate military cemetery.

The Overloon and Nijmegen areas have been traversed and thoroughly searched for remains. Those found were immediately removed by the Grave Service respective of remains found. In the last five years tanks and other war material have been removed and disposed off. Woods, hills and plains have in these years been thoroughly covered by forest guards, policemen, people on hiking and camping tours and the inhabitants living there.

IV. CONCLUSION:

Remains previously not located would certainly at present date be unrecoverable due to natural decomposition of the deceased, wild animals, erosion of soil, growth of new trees and undergrowth. Repeated field investigations of these areas have failed to recover remains and only by sheer accidental findings could remains be uncovered in the future. The address of this organization has been posted in every convenient location for notification should such accidental findings come to light. The inhabitants of all areas where the American forces have fought were questioned by the town hall officials of the communities, police men, Dutch National Red Cross Tracing Bureau, Dutch Department of War, Dutch War Graves Committee in addition to conclusive field investigations for information concerning deceased American military. The remains previously recovered and removed were the results.

V. RECOMMENDATIONS:

Unknowns previously recovered from the Overloon, Nijmegen localities can not be associated with the unaccounted for casualties, ref; subject investigation directive. Field Investigation of the above named areas were negative. In view of the fact that five years has obliterated all field clues it is suggested that the unresolved decedents from these areas be declared unrecoverable.

Subject: Graves of USA Soldiers Killed In Action

The undersigned, VISSER Tjipke, Policeman 1st Class of the State Police, post commander of Mook declares the following:

Since 19 March 1945 he has been with the various military grave services. The American grave service have exhumed many graves and those found to be Americans were removed to their cemeteries.

He has also been with the English and Canadian grave services in exhuming their dead and removing them to their military cemeteries.

He was also with the Dutch grave service in removing German graves left over and the identification of same.

So much as is known there are no further graves of deceased military men in the community of Mook and Middelaar. Only by sheer accident could remains still be found. If remains are found he will report it to the American Grave Service.

This community has been cleared of all war debris and the necessary work in rebuilding the area has been done with no further findings of graves or remains of military men.

In August 1950 he was with an investigator of the American Grave Service when evacuations were made at a place called "Vierweg" in which evacuation was found remains of a horse. By the home of Miss Momma another digging was made in which a war time refuse dump was found. Further, the Pasmolen Hotel has been totally rebuilt and area re-landscaped without the finding of graves or remains of military men.

In the community of Mook and Middelaar are the following neighborhoods: Bisselt, Geuldert, Heikant, Jansberg, Katerbos, Korendal, Middelaar, Molenhook, Mokerheide, Papenberg, Plankray, Plasmolen, Rammetje, Riethorst, Startsedal, Zevendal, Broek Koningsbos and Eind. Inasmuch as so many military men are still

missing in this area it could be possible that remains are still to be found but then only by accident. He has gone from house to house of the inhabitants of this community to notify them that if ever they discover remains to notify him.

Mrs. Goldie B. Weber

Dear Mrs. Weber:

Receipt is acknowledged of your application for a Government bronze marker to be erected in memory of the late Norman L. Weber.

There is no authority whereby a Government marker may be furnished for memorial purposes or a monetary allowance provided in lieu of the marker.

Public Law 871, 80th Congress, which authorizes the Secretary of the Army to furnish headstones and markers for the graves of members of the Armed Forces who die in the service or were honorably discharged therefrom, also provides for the memorialization of World War II dead whose remains have not been recovered or identified or who have been buried at sea. The names of those to be memorialized will be inscribed on the walls of chapels or other appropriate memorials, to be erected in the area where death occurred, without any action required on the part of the family of the veteran.

The American Battle Monuments Commission and the Secretary of the Army, who have joint responsibility in determining the selection of a chapel or memorial, will follow the general rule of having the name inscribed with due consideration for the circumstances under which the decedent died in the service of his country.

MEMORANDUM FOR RECORD:

SUBJECT: Review of Circumstances Surrounding the Disappearance
of Personnel Presumed Dead.

1. The following persons, Infantrymen, members of Company G, 401st Glider Infantry, were reported missing in action, not in flying or jump pay status, in Holland on 30 September 1944 by ETO Shipment Number 227 and presumed dead as of 1 October 1945 under the provisions of Section 5, Missing Persons Act (SR&D Case Number 4160):

293 Weber, Norman L.	2nd Lt	01314983
Aiello, Michael	S Sgt	16055052
Kenner, Harold D.	Pfc	33465581

2. A letter, dated 28 February 1945, filed in Lieutenant Weber's AG files, by Captain Henry Wall, Chaplain, 325th Glider Infantry, states that a member of the command from Lieutenant Weber's home town received a newspaper clipping reporting Weber as a prisoner of war. There is no record to this effect in the Department of the Army.

a. The AG files of Sergeant Aiello and Private Kenner show that they were missing in action in Holland as of 30 September 1944.

b. The AG and Casualty Section files of these men reveal no particulars surrounding their disappearance.

3. The captured German records contain no information relative to the fate of the subject persons, nor do the files of the Memorial Division, Office of the Quartermaster General contain any burial information, at the present, on them.

4. The subject persons were members of Company G, 401st Glider Infantry, reported missing in action, in Holland, on 30 September 1944. The AG and Casualty Section files contain no particulars surrounding their disappearance or fate. The captured German records reveal nothing pertaining to them. Nothing has been seen or heard of them since their disappearance.

5. It is, therefore, concluded that the information of record in the Department of the Army, at this time, does not conclusively establish the place, date and fact of death pursuant to the provisions of Section 9 of the Missing Persons Act and the issuance of an official report of death is not warranted.

Colonel Turner,

Dear Sir:-

293

Our son Norman L Weber O-1314983 was a member of G. Company 401st Glider Infantry. He was reported missing in action in Holland Sept., 30, 1944. Later the government set a presumptive date for his death as Oct., 1, 1945.

We have recently learned from parents of some of the boys who were in the same company and reported missing the same day, that their sons have been found and reburied in a U. S. Military Cemetery in Margraten Holland.

Do you have any record of Lt. Norman L. Weber O-1314983 ever being found and buried. Any information you can give us will be greatly appreciated.

Yours truly,
Mr. & Mrs. Fred C. Weber.

Dear Mr. Weber:

The Army Effects Bureau is forwarding to you the following personal property, recently received here, belonging to your son, Second Lieutenant Norman L. Weber:

- 1 Footlocker
- 1 Travelling bag

My action in transmitting the property does not, of itself, vest title in you. The items are forwarded in order that you may act as gratuitous bailee in caring for them pending the return of the owner, who has been reported missing in action. In the event he later is reported a casualty, and I sincerely hope he never is, it will be necessary that the property be turned over to the person or persons legally entitled to receive it.

When delivery has been made, I shall appreciate your acknowledging receipt by signing one copy of this letter in the space provided below, and returning it to this Bureau. For your convenience, there is inclosed an addressed envelope which needs no postage.

I regret the circumstances prompting this letter, and wish to express my hope for the safe return of your son.

Yours very truly,
