SUBJECT: Non-Recoverable

TO: Non-Recoverable Board, AGRC

1. It is recommended that the Board take action on the following cases:

NAMES: See Attached Roster

ORGANIZATION: See 371 Forms

DATE OF DEATH: See 371 Forms

PLACE OF DEATH: See 371 Forms

SYNOPSIS: The casualties listed on attached roster are reported by official records as Missing In Action or Killed In Action during airborne and armored operations in the Etten, Katerbosch, Mook, Groesbeck, Nijmegen, Kiekberg and Den Heuvel Woods, St. Anthonis, Vierlingsbeck, Overloon and associated areas in Holland, during the period 17 September 1944 to 3 November 1944.

Extensive area searches as well as individual investigations have to date failed to furnish information as to the ultimate disposition of their remains. Efforts to effect association with unidentified recoveries from the areas, now interred in United States Military Cometeries, have also proven negative. The lack of specific information regarding the death or burial, limited search in the most instances to general localities however, documents on file in this office and the Office of The Quartermaster General substantiates the fact that numerous investigations covering the entire area as outlined above, have been conducted in the course of search operations for all losses both recovered and unrecovered.

The terrain of the subject areas consists of woods, hills and plains, which have been thoroughly traversed since the cessation of hostilities by forest guards, policemen and people on hiking and camping tours, thus the possibility of undiscovered graves is remote.

GROP 293.9

SUBJECT: Non-Recoverable

It can therefore only be concluded that the remains of the deceased in question were reduced by battle action to a state which precludes recovery or identification. The absence of specific information concerning their deaths, the failure of Field Investigations to provide evidence, and the lack of association with recovered unknowns would tend to substantiate these conclusions.

It is recommended that the remains of the individuals listed in these Board Proceedings, be considered Non-Recoverable under the provision of paragraph 3b, Letter, Office of The Quartermaster General, file QMGMP 293, Subject: Processing Board Findings of Non-Recoverability Return of World War II Program, dated 25 March 1949.

Reference is made to: OQMG Forms 371; After Action Reports and Casualty Clearance Plan, concerning each decedent; Reports of Field Investigations previously forwarded to the Office of The Quartermaster General, pertaining to resolved casualties who were Killed In Action in the concerned areas of Holland: On file in the Office of The Quartermaster General, Washington, D. C.

Reference is also made to: Report of Field Investigation, with statements, dated 30 August 1950: Attached.

2. All attached supporting documents are copied from records on file this headquarters.

3. It is recommended that the remains, based upon the above information and research, be declared non-recoverable.

As directed per Investigation Directive # 384, Headquarters, 7887 Graves Registration Detachment, dated 28 July 1950, a field investigation was made for the possible recovery or information leading to, of the numerous casualties still unaccounted for in the Etten, Katerbosch, Mook, Groesbeek, Nijmegen, Kiekberg and Den Heuvel Woods, St Anthonis Vierlingsbeek, Overloon and associated areas in Holland.

II. FACTS AND CIRCUMSTANCES:

All subject casualties were listed per OQMG Form 371 as missing or KIA during the period 17 September 1944 - 3 November 1944 after which time the American forces were relieved by British and Canadian troops. Casualties were from the Airborne and Armored Divisions, those of the Airborne were concentrated in the Nijmegen, Groesbeek vicinity while those of the Armored, in Overloon, St Anthonis area. Information available at OQMG and headquarters, 7887 Graves Registration Detachment consisted for the most part of OQMG Form 371, After Action Reports and Casualty Clearance Plan.

III. FINDINGS:

A community to community check of Overloon and Nijmegen localities was made. Burgermasters, forest guards, police men and the man in the street were interrogated for possible information leading to the recovery of American deceased. War time refuse dumps, remains of animals, and for the most part, nothing whatsoever was found in the numerous excavations and probings made, thus eliminating all doubtful places where a possibility of isolated graves existed. At the present time there are

Narrative of Investigation

30 August 1950

no military graves, isolated burials or otherwise of any nationality which have not been removed, nationality established and taken to appropriate military cemetery.

The Overloon and Nijmegen areas have been traversed and thoroughly searched for remains. Those found were immediately removed by the Grave Service respective of remains found. In the last five years tanks and other war material have been removed and disposed off. Woods, hills and plains have in these years been thoroughly covered by forest guards, policemen, people on hiking and camping tours and the inhabitants living there.

IV. CONCLUSION:

Remains previously not located would certainly at present date be unrecoverable due to natural decomposition of the deceased, wild animals, erosion of soil, growth of new trees and undergrowth. Repeated field investigations of these areas have failed to recover remains and only by sheer accidental findings could remains be uncovered in the future. The address of this organization has been posted in every convenient location for notification should such accidental findings come to light. The inhabitants of all areas where the American forces have fought were questioned by the town hall officials of the communities, police men, Dutch National Red Cross Tracing Bureau, Dutch Department of War, Dutch War Graves Committee in addition to conclusive field investigations for information concerning deceased American military. The remains previously recovered and removed were the results.

V. RECOMMENDATIONS:

Unknowns previously recovered from the Overloon, Nijmegen localities can not be associated with the unaccounted for casualties, ref; subject investigation directive. Field Investigation of the above named areas were negative. In view of the fact that five years has obliterated all field clues it is suggested that the unresolved decedents from these areas be declared unrecoverable.

SUBJECT: Review of Circumstances Surrounding the Disappearance
of Personnel Presumed Dead.

1. The following persons, Infantrymen, members of Company G, 401st Glider Infantry, were reported missing in action, not in flying or jump pay status, in Holland on 30 September 1944 by ETO Shipment Number 227 and presumed dead as of 1 October 1945 under the provisions of Section 5, Missing Persons Act (SR&D Case Number 4160):

Weber, Norman L.	2nd Lt	01314983

Kenner, Harold D.	Pfc	33465581

2. A letter, dated 28 February 1945, filed in Lieutenant Weber's AG files, by Captain Henry Wall, Chaplain, 325th Glider Infantry, states that a member of the command from Lieutenant Weber's home town received a newspaper clipping reporting Weber as a prisoner of war. There is no record to this effect in the Department of the Army.

b. The AG and Casualty Section files of these men reveal no particulars surrounding their disappearance.

3. The captured German records contain no information relative to the fate of the subject persons, nor do the files of the Memorial Division, Office of the Quartermaster General contain any burial information, at the present, on them.

Nothing has been seen or heard of them since their disappearance.

5. It is, therefore, concluded that the information of record in the Department of the Army, at this time, does not conclusively establish the place, date and fact of death pursuant to the provisions of Section 9 of the Missing Persons Act and the issuance of an official report of death is not warranted.

Dear Mr. Aiello:

The Army Effects Bureau is forwarding to you the following personal property, recently received here, belonging to your son, Staff Sergeant Michael Aiello.

one package and contents.

My action in transmitting the property does not, of itself, vest title in you. The items are forwarded in order that you may act as gratuitous bailee in caring for them pending the return of the owner, who has been reported missing in action. In the event he later is reported a casualty, and I sincerely hope he never is, it will be necessary that the property be turned over to the person or persons legally entitled to receive it.

When delivery has been made, I shall appreciate your acknowledging receipt by signing one copy of this letter in the space provided below, and returning it to this Bureau. For your convenience, there is inclosed an addressed envelope which needs no postage.

I regret the circumstances prompting this letter, and wish to express my hope for the safe return of your
