Source: This information was obtained from the Hospital Admission Card data file (1944-1945) created by the Office of the Surgeon General Department of the Army. In 1970 the National Research Council first compiled this for statistical purposes using the EMTs (Emergency Medical Tags) and other Office of the Surgeon General Office Records during WWII.

A rectangular, light-colored granite gravestone with a recessed rectangular panel in the center. The panel contains the inscription. The stone is set on a concrete base. Behind the stone, three small American flags are planted in the ground. To the left and right of the stone are clusters of purple and white hydrangea flowers. The background is a green lawn.
